

# EDUCATION LIBRARY

## for Innovation Procurement

The BUILD Education library offers a central collection of actionable knowledge for public buyers and stakeholders interested in adopting innovative solutions within the public sector. Drawing from the BUILD project's extensive experience, it provides practical resources, training, and expert insights to enhance innovation procurement.

### KEY FEATURES

**Quiz Cards:** Learn PPI principles with fun and interactive quizzes.

**Educational packages for Public Buyers:** a complete journey to master the adoption of PPI, including an introduction to the topic, training material simulating a complete procurement process, as well as the lessons learned through our procurers team's experience.

**Job profiles:** explore the different carriers available in the world of Innovation Procurement

**Webinars:** Rewatch our educational training sessions on YouTube.

**Policy Recommendations:** Enhance innovation adoption in public procurement with actionable policy insights. [paper icon]

### INNOVATION PROCUREMENT SYNERGIES

**Innovation Procurement Task Force (IPTF):** Learn about joint initiatives on innovation procurement.

**Related Projects:** Discover synergies with other IP-related initiatives and their rich resources

**Knowledge pills**

**Incentives for Innovation Procurement**

**Challenges of Procuring Innovation**

**Procedures for Purchasing Innovation**
